(b) the amount allotted for the implementation of these programmes during the financial year 1986-87?

THE MINISTER OF AGRICULTURE (SHRI BUTA SINGH): (a) The major centrally sponsored rural development programmes of the Department of Rural Development being implemented in Uttar Pradesh are Integrated Rural Development Programme (IRDP), National Rural Employment Programme (NREP), Rural Landless Employment Guarantee Programme (RLEGP) and Drought Prone Area Programme (DPAP). While IRDP, NREP & RLEGP are under implementation in all the blocks of the State, DPAP is in operation in 87 blocks of 16 districts of the State, *viz.*, Mirzapur, Banda, Jalaun, Hamirpur, Jhansi, Lalitpur, Bahraich, Gonda, Kheri, Sitapur, Allahabad, Chamoli, Pauri Garhwal, Tehri Garhwal, Almora and Pithoragarh. Expenditure under RLEGP is met entirely by the Central Government while that under the other 3 programmes is shared by the Centre and State on 50:50 basis.

(b) Programme-wise provisional allocations including the State share for Uttar Pradesh during 1986-87 are as under:

	(Rs. in Lakhs)
IRDP	10029.60
NREP	8108.00
RLEGP	8738.00*
DPAP	1305.00

*Includes provision for Indira Awaas Yojana.

Besides the above cash allocations, 88170 MT of wheat each has been allocated as additionality under NREP and RLEGP for the first two quarters of the year.

Provision of All Weather road under I.R.D.P.

1488. SHRI ANAND PRAKASH GAUTAM : Will the Minister of AGRICULTURE be pleased to state:

(a) whether the target fixed in the Sixth Five Year Plan to provide all weather roads to the villages having minimum population of 1500 people has been achieved in all the States of the country under the Integrated Rural Development Programme;

(b) if so, what are the reasons for which the villages having population of more than 1500 people in Uttar Pradesh are still without any link road so far; and

(c) what action the Central Government are taking to achieve this target?

THE MINISTER OF AGRICULTURE (SHRI BUTA SINGH) : (a) to (c) The Integrated Rural Development Programme (IRDP) implemented by the Department of Rural Development does not envisage provision of all wheather roads to villages. The Sixth Five Year Plan document lays down that all villages with population over 1500 and 50% of the villages with population between 1000-1500 are to be connected by all weather roads by 1990 under the Minimum Needs Programme (MNP) and 50% of the villages to be so covered were to be connected by roads by the end of the Sixth Five Year Plan. According to these norms the Sixth Plan target for connecting villages with population over 1500 was 13257 villages and for villages with population between 1000-1500 was 3651 villages. Against these targets the actual achievements were 10924 and 6839 villages, in the two categories respectively. Statements I and II showing statewise position of targets and achievements for rural roads under MNP are attached. It will be seen that in the case of Uttar Pradesh there was a shortfall in the coverage of villages with population over 1500 but the State had exceeded the target for coverage of villages with population between 1000-1500. It may be stated here that the States have been advised to take up construction of rural roads under the Centrally Sponsored Rural Employment Programmes of National Employment Programme (NREP) and Rural Landless Employment Guarantee Programme (RLEGP) also. Expenditure under NREP is shared between the Centre and the States on 50:50 basis and that under RLEGP is met entirely by the Centre. During the Sixth Plan period 78164 kms. of roads were constructed in Uttar Pradesh under NREP. Under RLEGP the total cost of road projects sanctioned for Uttar Pradesh during the Sixth Plan period is Rs. 166.25 crores.
